Dr Michael Bosse

Michael provides legal advice on project management for national and international construction and plant engineering projects as well as advising on architects' and engineers' law. The main focus of his practice is supporting major projects with complex processes in the fields of infrastructure and building construction, in particular in drafting contracts in connection with the planning and implementation of construction projects.

Further key practice areas include litigation (conducting court proceedings), real estate law and financing.

What others say

„Recommended lawyer for construction law“

Legal 500 Germany 2024

„One of the most frequently recommended lawyers for construction law and real estate law“

Handelsblatt/Best Lawyers® 'Germany's Best Lawyers 2025'
