Dr Simona Liauw

Specialist lawyer for construction and architects' law

Dr Liauw advises clients and contractors on all matters relating to private construction law as well as architect and engineer law. Her work includes project-related contract drafting and contract execution, including claim management. In addition to out-of-court advice, her area of expertise also includes litigation (including arbitration proceedings).

Dr Liauw specializes in plant construction (including power plant construction). One of her main areas of expertise is advising on onshore wind and PV parks.

Dr Liauw advises in German and English.
